There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists. Health Protection is an important factor in favor of a Clean-Up Campaign.

The Clean-Up movement is not a propaganda instituted by merchants to increase the sale of more merchandise. The Clean-Up and Paint-Up Campaign is fostered by Civic Leagues, Women's Clubs and other organizations throughout the entire country.

In connection with this movement a fight is being made against flies, mosquitoes and other germ-carrying insects which endanger health and life. We have a complete line of
